

Skills

Programming: Python, SQL, JavaScript, HTML, CSS, MATLAB

Data & Analytics: Data Analysis & Statistical Modeling, Data Visualization, Dashboarding & Reporting, Power BI, Data Cleaning & Transformation, Intelligent Storytelling & Documentation, Database Management

Web Development: Responsive Web Design, Cross-Browser Compatibility, Bootstrap, GitHub, Template Development

TYPO3 Development & Integration: Fluid Templating, TypoScript, Page TSConfig, MASK Extension, Backend Configuration, Template Migration, Filelist/FAL Media Management, Content QA & Testing

Tools: CMS TYPO3, Power BI, Figma, GitHub, Jira, Confluence, Linux, MS Office 365, AI (ChatGPT, Claude, Copilot)

Soft Skills: Analytical Thinking, Problem Solving, Attention to Detail, Fast Learner, Structured & Communicative

Language Skills: English (C1, Fluent), German (A2, Currently improving), Hindi (Mother tongue)

Work Experience

Since 07/2023

Working Student - Web Development & CMS Integration | IONOS SE, Karlsruhe | [Reference](#)

- Developed responsive web templates using HTML, CSS, & JavaScript in a multi-brand environment.
- Integrated AI-assisted development tools (Claude, Copilot) with MCP servers to accelerate code generation, debugging, and marketing campaigns template optimization.
- Configured TYPO3 backend fields and created editor-friendly workflows using the MASK Extension.
- Managed media assets using Filelist/FAL and ensured structured content organization.
- Performed prelive and live testing to ensure functionality, cross-browser compatibility, & deployment stability.
- Documented CMS workflows, editor guidelines, and template usage for internal teams in Confluence.
- Supported template migration from Generic templates to MASK-based using GitHub version control.
- Collaborated with UX, Marketing, & Sales teams using Figma & Kanban-based Agile workflows in Jira.
- Developed internal team pages using Luna Elementor and standardized design templates.

01/2023 - 04/2023

Working Student - Data Analysis & Reporting | Hydrosion GmbH, Munich, Germany

- Created interactive Power BI dashboards with data storytelling for project stakeholders.
- Conducted quantitative data analysis using Excel and structured datasets for geothermal energy projects.
- Produced 5+ technical reports summarizing project progress, insights, and operational data.
- Coordinated project communication & supported technical documentation via MS Office & Teams.

05/2022 - 12/2022

Student Assistant - Data Visualization & Research Support | Karlsruhe Institute of Technology, Germany | [Reference](#)

- Designed 40+ geospatial maps and scientific visualizations for academic publications and presentations.
- Processed & documented 100+ research datasets using Excel and Word for research workflow optimization.

Education

10/2021 - 02/2026

Master of Science in Applied Geosciences (Grade: 2,5) - Karlsruhe Institute of Technology, Germany | [Certificate](#)

Thesis: Impact of Climate Change on the Geothermal Potential of Closed Systems Using GIS and Python | [Reference](#)

- Developed semi-analytical models in Python based on Machine Learning to assess energy over 100 years.
- Converted modelling workflows from MATLAB to Python, improving real-time data integration for analysis.
- Integrated CMIP6 climate model data scenarios from Google Earth Engine to integrate into a Python model.
- Created spatial data visualizations & interactive dashboard maps using Folium based on Leaflet.
- Volunteering: International Student Support for AGW & Buddy Program | [Certificate](#)
- Scholarships: Stipendienprogramm-Gesetzes (StipG) by KIT Stiftung and e-fellows.net | [Certificate](#)

Certifications

- Python for Data Science & Machine Learning with Python - IBM | [Certificate](#)
- SQL and Relational Databases & Data Fundamentals - IBM | [Certificate](#)
- Introduction to Power BI & DAX - Datacamp | [Certificate](#)
- Career Essentials in Sustainable Tech Professional Certificate - Microsoft & LinkedIn | [Certificate](#)
- Fundamentals of Sustainability and Technology - IBM | [Certificate](#)
- Atlassian Agile Project Management Professional Certificate - Atlassian & LinkedIn | [Certificate](#)
- Project Management Fundamentals and Agile Explorer - IBM | [Certificate](#)
- Matlab - MINT-Kollegs Baden-Württemberg, KIT | [Certificate](#)
